Yoga Class with Michelle Seifert / Michelle began practicing yoga in 1999 and has been a dedicated practitioner/teacher since then. With a focus on slow and steady movements she likes to create a safe, non-competitive space for her students to “dive” deeper beneath the surface of their daily lives. Her desire is simply to inspire others to find balance in their lives, to exercise their mind and body and to have as much fun, love and passion for life as they can. Her hope for everyone is that they finish their practice feeling better than when they began. That’s it. No competition, no judgment and no expectation. Just yoga.

Michelle has found her yoga home in Rosemary Beach where, with the combination of her two favorite things, yoga and the beach, she is definitely living her best life. Namaste'
